

Amendments to the Specification:

A copy of the translated version of the Specification according to the PCT Application filed with the Office on February 20, 2006, see attached return receipt postcard, is enclosed for entry in the case. The translated version of the Specification has been formatted according to United States Patent Office requirements. A properly formatted copy of the drawings (7 sheets) submitted with the application on February 20, 2006 is also attached.
